Mas o que é Borogodó?

"Atrativo pessoal irresistível" - é aquilo que não pode ser definido como beleza, charme, sensualidade ou sexualidade...em suma, aquele "plus" que não tem descrição definida, causa fisiológica ou razão de ser, mas que é indiscutivelmente algo que desperta o interesse de todos que estão à volta. Ele/a não tem só beleza, inteligência e simpatia...tem borogodó!
